

0.5 ENVIRONMENTAL POLICY STATEMENT

At PDQ/Centresoft we are committed to minimising the environmental impact of our activities wherever and whenever it is practical. The management team have recognised that good environmental practice is important to the future of the company and that of its customers, suppliers and employees.

We hereby make the following commitments:

- Meet all necessary legal, regulatory and other requirements pertaining to our environmental aspects, and at each site under the management of the company.
- Promote the awareness of all existing legislation, company practices and procedures to all employees and to keep abreast of all new environmental legislation.
- Continual improvement of the environmental management system through a framework for objectives and targets and commitment to the prevention of pollution.
- Minimise the environmental impacts associated with product packaging and other materials involved in the production and packaging process.
- Act positively to reduce the consumption of energy, water and other natural resources at all premises under the company's management.
- Act positively to reduce the production of waste in accordance with the national waste strategy at all premises under the company's management.
- Have a positive approach to communicating environmental issues to our employees, customers, suppliers, contractors and other interested parties.
- The company has a detailed implementation programme for an environmental management system based on the requirements of ISO14001:2004.
- Review and re approve this environmental policy on a regular basis.

Group Managing Director and PDQ Managing Director (EMR)
